EDUCATION **BA/MS in Computer Science**, Minor in Psychology Exp Jun 2017
Northwestern University, GPA: 3.56/4.00
Languages: JavaScript, Python, HTML, CSS, C#, SQL, Java, C
Relevant Coursework: Software Development, Human-Computer/Tangible Interaction, Artificial Intelligence, Algorithms, Databases, Network Security, Computer Graphics

EXPERIENCE **Mobile Front End Development Intern**, Zappos Jun 16 – Pres
Use React.js and Redux to create the mobile My Account page for Zappos's discount site, 6pm.com. Integrate ARIA roles to make the 6pm mobile site accessibility-friendly.

Human Computer Interaction Teaching Assistant, Northwestern Jan 16 – Mar 16
Lead weekly discussion sections, grade JavaScript assignments, and proctor exams for Human-Computer Interaction at Northwestern University.

Software Development Intern, Alcatel-Lucent Jun 15 – Aug 15
Use C#/ASP.NET and SQL to generate data availability reports for a client's network coverage to reduce time and server use wasted on invalid data retrieval requests.

PROJECTS **The Abacus Project**, Developer Mar 16 – Jun 16
Using Angular.js, Pusher, and OpenCV's Python SDK, The Abacus Project is a museum exhibit prototype that teaches users about the abacus and its history. We built a mount that live streams an abacus and updates in real time its current number configuration. Using this setup, the user plays a game to crack a numeric code.

Formfor.me, Python Developer Sept 15
Winner of Best Civic Hack at PennApps XII. Formfor.me is a Python/Flask app deployed on Azure that parses IRS forms and applies foreign-language translation to display easy-to-read questions to the user. It then auto-populates the PDF form with the user's responses and opens the completed form for download.

The Gibbot Project, Lead GUI Developer Jan 15 – Apr 15
Develop GUI in Java for users to interact with the Gibbot robot, which models Gibbon arm movements. Conduct weekly meetings and assign tasks to group members of the project.

LEADERSHIP **Logistics Team Member**, WildHacks Team Sept 15 – Pres
Coordinate events, food schedules, and team-building exercises for hackers at WildHacks, Northwestern's official hackathon.

Choreographer and Company Manager, Fusion Dance Company Sept 13 – Pres
Choreograph pieces for dance shows that draw 1000+ audience members annually.
